

## **Sleet**

*February 17, 2014*

Rattle, rattle, on the windows, walls.

Ice is falling from the sky  
slanted, as the falling angel falls.

Rattle, rattle, on the windows, walls -  
down and down the lowest circle calls,  
voiding banks and treasuries on high.

Rattle, rattle, on the windows, walls;  
ice is falling from the sky.
