

## **Anchors My Heart**

*July 18, 2013*

Anchors my heart on a firm and fairer height  
my Lord's delight. Is past change, past strong,  
sigh-erupting sin yet sign rather that night  
anchors my heart? On a firm and fairer height  
I'd see, I'd know - yet I am not so light.  
Christ-in-me is there, and with the sainted throng  
anchors my heart on a firm and fairer height.  
My Lord's delight is past change, past strong.
